This book was begun by Maxim Gorky in 1907, less than two years after the unsuccessful armed rebellion on Bloody Sunday, with which he had been closely involved. Frail, battered and orphaned, Yevsey Kimkov creeps through the undergrowth of life; his intelligence remains observant, but his will is cowed, and he is easily coerced into spying for the military in support of the Tsar. He makes some friends who are capable of defying oppression, and his heart responds to them - but it is this association which is going to bring him to the terrible crisis of his life, which coincides with the insurrection.

The Life of a Useless Man is a 1908 Russian-language novel by Maxim Gorky. It concerns the "plague of espionage" under the Empire; the protagonist is Yevsey Klimkov, who spies for the Tsarist regime. The orphan boy Yevsey Klimkov is apprenticed to the owner of a shop, who secretly sells prohibited revolutionary books and then informs on his customers to the police. The bookseller is murdered, and the bereft, frail, and weak Klimkov is coerced by the Tsarist police to be a spy and informer.
