In fact, death gives meaning to our existence because it reminds us how precious life is. Coping With Loss. The loss of a loved one is life's most stressful event and can cause a major emotional crisis. After the death of someone you love, you experience bereavement, which literally means "to be deprived by death." Knowing What to Expect. Children who experience a major loss may grieve differently than adults. A parent's death can be particularly difficult for small children, affecting their sense of security or survival. Often, they are confused about the changes they see taking place around them, particularly if well-meaning adults try to protect them from the truth or from their surviving parent's display of grief.
