Not that women deserve more rights than man. Not that women are superior to men. Another reason that it's hard for me to agree with humanism is that it does a disadvantage to each group it claims to represent. Women deal with different issues than those who experience, racism, heterosexism, classism, able-bodyism, etc. Each group has different problems to face, whether culturally, socially, or politically. I think it is also important to remember that feminism does not mean that women only focus on women's rights. Quite the opposite actually. Feminists recognize that the patriarchy affects men too. A four-point plan to carry humanism and feminism into the next century. Editor's note: This article first ran in the May/June 1987 issue of The Humanist. I was first called a humanist back in 1973 or 1974 when I went to speak in Texas—Houston, I think—and arrived at this large amphitheater and saw many people holding signs outside the gate which said that Gloria Steinem was a humanist. How nice, I thought; these must be my friends. Wrong. The first one, for women of all groups, is and must be reproductive freedom. It is as basic a human right as freedom of speech and freedom of assembly. Do you remember all the political science professors who always said that the family was the basic unit of the state? They were right. The Woman Of Reason book. Read reviews from world's largest community for readers. Goodreads helps you keep track of books you want to read.
