Legal Research & Writing

David J. Smith

Legal Research & Writing David J. Smith

A book dealing with the fundamentals of legal writing and research. Each chapter focuses only on the essential skills needed for success in the paralegal field. Topics include primary law, secondary sources, computers and other technology, citation, legal analysis and more. The text first describes the tools needed to conduct legal research, then shows how they're applied. Review charts, concrete examples, paralegal practice situations, tips from practicing paralegals, and chapter review questions and problems are included.

Legal Writing and Research Commons, c. Open Access. Powered by Scholars. Published by Universities. Search Legal Writing and Research. When the author wrote *Writing At the Master's Table: Reflections on Theft, Criminality, and Otherness in the Legal Writing Profession* almost 10 years ago, her aim was to bring a Critical Race Theory/Feminism (CRTF) analysis to scholarship about the marginalization of White women law professors of legal writing. She focused on the convergence of race, gender, and status to highlight the distinct inequities women of color face in entering their ranks. The author's concern was that barriers to entry for women of color made it less likely that the existing legal writing professorate, predomin Legal Research and Writing. Lawyering, by its very nature, largely entails researching the law, communicating the results, and determining the best course of action for the client. This training begins in law school as one might expect, but the importance of developing these skills cannot be overstated. Legal research and writing has been called the "bread and butter" of any successful lawyer. No matter the area of practice, new lawyers will spend the bulk of their time researching and writing about the law. Barry Law recognizes the importance of developing research and writing skills from the
