Blood of the Covenant is a book found in the secret library in Paterdomus during River of Blood. It is a journal written by Ivandis Seergaze detailing how the barrier of River Salve was created, and Ivandis' subsequent turning into a Vampyre. When first found, the book is missing several pages, which are later found in Ivandis' tomb by using information in the first pages. The later pages also contain instructions for creating the Super Guthix balance potion, also used in River of Blood.
