growing up in college liberal education and maturity

Growing Up in College book. Read reviews from world's largest community for readers. We'd love your help. Let us know what's wrong with this preview of Growing Up in College by Douglas H. Heath. Problem: It's the wrong book It's the wrong edition Other. A college education is now almost synonymous with liberalism here in the south. This wasn't always the case down here. There once was a time when every parent dreamed of sending their children off to college. Now, the southern generation X is no longer encouraging their children to attend college with the same fervor that our parents once did. As a kid growing up I can still remember both my parents extolling the values of southern democrats. Their opinions were echoed by my grandfather who I am sure learned them from his parents. You vote Democrat and NO on all taxes. It was simple as that. I can also remember my parents asking me what I wanted to be when I grew up. At the time I wanted to be like my dad -a pipe welder. My parents would always say the same thing.
