Other editions.

Franklin acknowledges his change in audience at the end of part 1 when he notes that some of the information contained in the opening pages of his autobiography is of a private nature and of interest only to family, whereas the next part is intended for the public. Consequently, the chatty, familiar tone of the first part yields to a slightly more formal tone and an account that is more informative regarding specific dates and civic accomplishments. FRANKLIN, BENJAMIN(1706â€“1790) Benjamin Franklin, the U.S. statesman, scientist, and author, was born in Boston, where he attended school for less than a year. He learned the printer's trade, and at seventeen he ran away to Philadelphia. Source for information on Franklin, Benjamin (1706â€“1790): Encyclopedia of Philosophy dictionary.Â C. L. Sanford, ed., Benjamin Franklin and the American Character (Boston: Heath, 1955), reprints a good collection of critical essays on Franklin. other recommended works. Aldridge, Alfred Owen.
