This volume surveys the history of British towns from their post-Roman origins to the 16th century.

The first volume of The Cambridge Urban History of Britain surveys the history of British towns from their post-Roman origins in the seventh century down to the sixteenth century. It provides the first ever detailed overview of the course of medieval urban development, and draws on archaeological and architectural as well as historical sources. The volume combines thematic analysis with regional and national surveys, with full coverage of developments in England, Scotland and Wales. Cambridge Histories Online Â© Cambridge University Press, 2008. The cambridge urban history of britain. ĩ§ ĩĦ² PROFESSOR PETER CLARK (University of Leicester) The three volumes of The Cambridge Urban History of Britain represent the culmination of a tremendous upsurge of research in British urban history over the past thirty years. Mobilising the combined expertise of nearly ninety historians, archaeologists and geographers from Britain, continental Europe and North America, these volumes trace the complex and diverse evolution of British towns from the earliest Anglo-Saxon settlements to the
