In this relation, present study explores manifold directions in Jamesian narrative as not only the role of author has been centered who makes use of multiple stylistic choices that have an evocative value in relation to experience and mode of expression, but also the narrativeâ€™s ingrained reality and the role of reader who through interpretation gives it life in terms of meanings.Â Mind-style at Lexicogrammatical Level: An Intricate Web of Discourse Semantics Open to the vehemence of modern susceptibilities, Daisy Miller cultivates all the structural possibilities, from descriptive to the narrative and argumentative levels, which keep on recurring as psychostylistic tendencies to express the conflict and collapse of codes, people, societies, cultures and civilizations in the modern age. The Reign of Consciousness: Henry Jamesâ€™s Late Phase. During the last fifty years or so, the image of Henry James has gone through many transformations. The fast-turning carousel of changing theo-ries has provided us with several sets of critical spectacles each of which has made us look at him with new (or different) eyes.Â Howellsâ€™s realism had been based on a con-cept of mimesis that made the novel a mirror of reality.Â 3 For an earlier study of that subject see, for instance, Berland. 4 The heroine (an unnamed telegraphist) of his novella In the Cage (1898), for. instance.
