Strategic Database Marketing: The Masterplan for Starting and Managing a Profitable, Customer-Based Marketing Program [Arthur Hughes] on Amazon.com. \*FREE\* shipping on qualifying offers. "Strategic Database Marketing is required reading for all of our employees. Strategic Database Marketing reveals what frontline marketers are doing to seamlessly integrate Web technologies into their database marketing programs, and what you can do starting now to provide your best customers with recognition, service, friendship, and information--for which they will reward you with loyalty, reduced attrition, and dramatically improved sales and profits. Read more. About the Author. Strategic Database Marketing objectively challenges the very way we go about using our data and where we should be going in the future. It is an important, informative and enjoyable read. Matt Edgar Founder Global Marketing Alliance & Publisher of Direct Marketing International Strategic Database Marketing provides the fundamentals of consumer data management that every marketer should know. Hughes' fresh perspective clearly explains such data-driven strategies and tactics to build a loyal, highly profitable customer base. Kathryn Kiritsis Director Online Marketing Avis Budget Group. Read this book if you are looking to make sense of the complexities of database marketing in the digital world, and profit from building relationships with your customers. Summary Strategic Database Marketing The Masterplan for Starting and Managing a Profitable, Customer-Based Marketing Program. Arthur M. Hughes. John Kivit " Multiscope [email protected] May 2010. PART. 1 Database Marketing And the Web. Introduction What What builds customer loyalty and profits are creative marketing strategies using customized communications based on a database. Sophisticated software is used, of course, but the marketer, not the software, does the thinking and develops the strategy. The focus of database marketing is the development and testing of various marketing strategies. The focus of CRM is automation of customer relationships.
