Visit Amazon's John Stauffer Page. Find all the books, read about the author, and more. See search results for this author. Are you an author? Douglass, we learn in *Picturing Frederick Douglass: An Illustrated Biography of the Nineteenth Century's Most Photographed American*, was convinced of the importance of photography. He wrote essays on the photograph and its majesty, posed for hundreds of different portraits, many of them endlessly copied and distributed around the United States. He was a theorist of the technology and a student of its social impact, one of the first to consider the fixed image as a public relations instrument. Indeed, the determined abolitionist believed fervently that he could represent the dignity of his race. Free 2-day shipping on qualified orders over \$35. Buy *Picturing Frederick Douglass : An Illustrated Biography of the Nineteenth Century's Most Photographed American* at Walmart.com. See our disclaimer. A landmark and collectible volume--beautifully produced in duotone--that canonizes Frederick Douglass through historic photography. *Picturing Frederick Douglass* is a work that promises to revolutionize our knowledge of race and photography in nineteenth-century America. Teeming with historical detail, it is filled with surprises, chief among them the fact that neither George Custer nor Walt Whitman, and not even Abraham Lincoln, was the most photographed American of that century.
