The Byzantine army or Eastern Roman army was the primary military body of the Byzantine armed forces, serving alongside the Byzantine navy. A direct continuation of the Roman army, the Eastern Roman army maintained a similar level of discipline, strategic prowess and organization. It was among the most effective armies of western Eurasia for much of the Middle Ages. Over time the cavalry arm became more prominent in the Byzantine army as the legion system disappeared in the early 7th century. Later Maintaining its independence, the city-state of Byzantium navigated its way through the Pax Romana (â€œRoman peaceâ€) that would endure well into the 2nd century AD. Like many kingdoms in antiquity and leading into the Middle Ages, religious devotion was of great importance in nearly all aspects of life. Integrated into the Roman empire, the city-state of Byzantium maintained and even shared polytheistic beliefs into the 4th century AD until the rule of Emperor Constantine began in AD 306.
